

Will Investigate Into Bowman's Office Soon

EXAMINER BROOKE WILL CONDUCT OFFICIAL INQUIRY INTO RUMORS

Montgomery, Ala., Oct. 26.—(C.M.) Investigation into the report that Bowman, tax commissioner of Madison county, has sold the emoluments and management of his office to A. Gambill, will begin at 2 o'clock Tuesday before State Examiner Brooke.

Chief Walter K. McAdory's presence at the court house is the first of the investigation, and the authority vested in him as tax collector. Mr. Brooke has summoned about thirty witnesses, the names being issued from the sheriff's office and executed by his deputy.

The firm of Stallings and Brazier, stenographers, has been employed to make a verbatim report of the investigation, which will be submitted to Governor O'Neal when completed.

Among the men summoned are several who are prominent in political and business affairs. At least ten bankers are said to have been called upon to testify.

In his published statement Mr. Bowman strenuously denounced the rumors as fiction.

Like the investigation into the sale of Alabama gas and oil stock to private saloon licensees, the present investigation will have a legal official status.

The attendance of witnesses is being compelled, and they can be made to testify under the rules of evidence prevailing in the courts of the state.

Examiner Brooke was closeted with the grand jury for some time yesterday morning, but that body adjourned out of respect to the late Samuel Weaver without taking any action, of which the public has been made aware, on the matter of the alleged farming of the tax commissioner's office, which has been under investigation for several

days. The expert evidence will be taken behind closed doors and will not be made public until after its conclusion.

MANY FANS INTERESTED HERE

Although Dothan is a long way from Philadelphia and from New York, interest in the world's championship games between those two clubs, was not lacking here. Each night during the series and during the wet season when they were disappointed, the Dothan fans waited to see the returns of the games and last night when the great surprise that New York was defeated 13 to 1 came, they realized that the Athletics had won easily and that no more ball would be played this year.

The Philadelphia bunch were good players and outplayed the New York fellows all along, but when it came to beating them 13 to 1, it seemed as if a couple of high school teams had gotten together on the diamond.

PLEASED!

The man who has his garments dyed here is always pleased to pay the bill for he has secured FULL VALUE in superb, thoroughly, first class work.

Splendid economy is having us take an old suit and make it another color—you yourself will find it difficult to tell it apart from a new suit.

All work guaranteed.
BOWMAN DYEING LAUNDRY.
212-212-212.

Jack Lowe, a well known traveling man of Savannah, is in Dothan today.

CALOMEL MUST HURT YOUR LIVER.

Every Time You Take This Powerful Drug You Are in Danger. Take Dodson's Liver Tonic Instead.

Calomel is made from mercury, and while mercury has many uses, it is a dangerous thing to swallow. If calomel stays in the system very long, it, naturally, its after-effects are often bad.

Nix Drug Company has a liver medicine called Dodson's Liver Tonic which is positively guaranteed to take the place of calomel. It stimulates the liver just enough to start it working, and does not make you sicker than even—calomel often does. Dodson's Liver Tonic won't force you to stop eating or working after taking it. It is as beneficial for children as for adults.

Try a bottle today under Nix's guarantee. You know this store is reliable.

FELT HIS PRESENCE.

Curious instance of Telepathy Described by John Muir.

John Muir, in his book, "My First Summer in the Sierras," relates a curious instance of telepathy. He spent the summer of 1893 in the beautiful wilderness around the Yosemite valley. One day he was busily sketching on the North Dome, when suddenly he became possessed with the notion that his friend Professor J. D. Butler of the University of Wisconsin was below him in the valley. He jumped up full of the idea of warning him, being almost as much startled as if some one had unexpectedly touched him and made him look up. Instantly he went running down the slope and along the brink of the valley, looking for a way to the bottom, feeling drawn irresistibly.

Gradually his common sense convinced him that he could not possibly reach the bottom until after everybody would be asleep for the night. He therefore compelled himself to stop, but the next day he went into the valley and found that Professor Butler had arrived the evening before, unvisited by anybody. He had been full of the idea, distant at the moment when Mr. Muir was so suddenly apprised of his presence.

"He had just entered the valley by way of the Coulterville trail," says the author, "and was coming past El Capitan when his presence struck me. Had he then looked toward the North Dome with a good glass he might have seen me jump up from my work and run toward him. This seems the one well defined marvel of my life of the kind called telepathy."

WHEELS THAT ARE LEFT BEHIND

are generally the cheap wheels. We mean by this, wheels that are cheaply made, not those that are sold at a reasonable price.

OUR BICYCLES are not expensive. A small sum will buy a good one. Our highest priced wheel, and it is a high grade wheel, too, costs very little more than the cheap machines that haven't stability, reliability or durability.

Buggies, Runabouts & Surries.

We sell more buggies—from actual count—than any firm in South-East Alabama. Our record shows that we have sold at retail—not including wholesale—a solid carload of buggies in ONE WEEK.

How Do We Do This?

- 1st. We and our connections, buy for SIX LARGE STORES. Quantity enables us to buy right.
- 2nd. We have been in this business (buggies and wagons) for Twenty-five years. Experience has taught us what to buy.
- 3rd. We have the largest stock to select from, variety giving our customers opportunity to select any style or finish.
- 4th. We are exclusive dealers in Buggies, Wagons and Harness and in order to keep your future trade, Our Guarantee Is Right.

Wagons.

We sell the "Mitchell" and the "Tennessee," in our judgment the best, based on experience in handling every make and brand of wagons sold in this section. We have never known of a "Mitchell Wagon" tire having to be Re-Set.

The "Tennessee," although sold at a Less Price, has a Guarantee that alone will sell it.

Harness

We are on the jobbers list in harness, having been placed there by the amount of goods bought, several years ago. This places us in position to sell at wholesale as well as retail. We would be glad to quote merchants prices at any time and guarantee to save them money.

We believe that our Special No. 7 Single Buggy Harness is the best value ever shown in Dothan.

Come to see us in our New Quarters and make yourself thoroughly at home whether you want to buy anything or not, we will always be glad to see you.

MAHIE PETTON
brought Automobile Girl

Coming with the Hk. Forepaugh and
Sells Bros. circus

All over a landing you and foot
hardly as a fire been broken by
mere girl and she is not a suffering
etc. She is a young fresh woman
scarcely out of her teens and her
name is Marie Petton. She shoots
down a dizzy twirl in a busy tour
ing car to about skyward like a rocket
by a sharp curve at the bottom of the
twirl and machine and rider then
make two complete revolutions in
mid-air before landing with a crash
on a distant platform.

This is one of many sensational
acts on the program of the Adam
Forepaugh and Sells Brothers Shows.
It is not to be confused with the
comparatively tame affairs that have
passed for thrilling among other cir-
cuses. In fact it is the first and
only wild air double somersault per-
formance that has ever been seen
in this country. Other shows have
exhibited a so-called double somers-
aulting automobile act, but as a mat-
ter of fact they were not genuine.
The car in each instance turned but
once and a half revolutions. This act
is exactly as represented and those
who see it will immediately recog-
nize the misrepresentation made in
expanding previous illustrations. It is
a sure fire nerve shaker and no mis-
take.

The act has just been imported
from France for this years tour of
the Forepaugh and Sells Brothers
shows. The young woman who will
present it here is the original girl
who did the act in Europe. She is
the niece of the inventor.

Next Tuesday October 31 will be
the big day in Dothan.

It is economy to buy this coal. It burns
clean and leaves no clinkers.

DOTHAN ICE CO.

THERE'S as much difference in
shoes as in anything else. Looks
count for something; so do good
workmanship and good material

You're always the judge of the shoes you buy; you know better
after they are worn out than when you buy as to whether they're good
shoes—unless you buy Selz shoes.

When you buy a pair of shoes bearing the name Selz you get a guaran-
tee of your satisfaction—that's what you want, satisfaction: and if you
want to know WHEN YOU BUY, buy Selz shoes. Then be the judge.
The secret of the guarantee is that the shoe don't need it. The
maker couldn't guarantee the wearer's satisfaction if they did.

We sell Selz shoes, because among other things the maker guaran-
tees us satisfied customers, that ought to be one reason for your wearing
Selz shoes. Other reasons are that you'll find the latest models in this line
and that they are better-than-usual fitters. They are made on scientific-
ally designed models; the shape of your foot is the primary feature of every
Selz shoe store.

ELGIN, ILL., Oct. 26.—The nearest man within 100 miles of Elgin, according to the petition filed by his wife for separate maintenance, is Olat Gylleck, Ill. wife, Virginia, says she had to earn the funds on which the household was operated. She kept chickens, but while eggs sold for 12 cents in stores, Olat charged her 35 cents a dozen for those she used at home including those he ate.

He bought all her clothes and always taking advantage of the great bargains, regardless of quality, embarrassed her by the odd sizes, inharmonious combinations of colors and shapes and fits of the garments.

On one occasion she averted her eyes away leaving her ten cents to operate the household. Three days later he returned and stormed profanely when he learned she had spent the whole ten cents. She says he is worth \$5,000.

PRICE OF COFFEE CONTINUES TO RISE

The price of coffee is gradually rising, as has been the case for several months and of course the local market is affected greatly by the rise. Local merchants, who two years ago were able to buy good coffee at 15c a pound are today paying 27c a pound for the same product. The prices have been on the rise for several months or a year and are still soaring. This is said to be caused by the increasing population, the increasing consumption of coffee per capita, and the fact that the output of the product has not increased.

ENGINEER VAUGHN SCALDED TO DEATH

Columbus, Ga., Oct. 25.—Oscar Vaughn, a veteran engineer of the Central of Georgia Railway, was crushed and scalded to death this morning under a switch engine which ran over him just after he brought in a train from Birmingham.

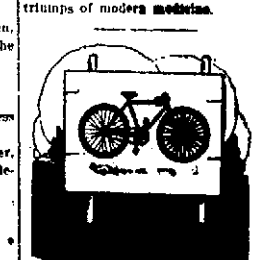

His body, mangled beyond recognition, was turned over to an undertaker and later carried to his home in East Highlands.

Mrs. H. M. Kinsey, and children, of Coffee Springs, are visiting in the city.

A Life Insurance Policy--

Issued by The Mutual Benefit Life Insurance Company, of Newark, N. J., is an emblem of purity, not only among those who have it, but think life insurance for their livelihood, but wherever one of its policies may be found. It stands for all that life insurance should mean to the insured, and holds a protecting hand over his life. It is sure to serve him well. Since the Company was organized in 1845 it has been manned by executives whose every official act and thought has been for the benefit of its policyholders. The result has been the sound and steady growth of a great life insurance company that today commands the respect of its multitudes of policyholders, and whose record is envied by all. Call or write me for rates and particulars, or write to Drewry & Rolston, Chattanooga, Tenn., state agents for Tennessee, Alabama and Mississippi.

7,740,634 BALES OF COTTON GINNED

Washington, Oct. 25.—Cotton ginning throughout the South since the picking of the crop of 1911 began has been carried on with greater activity this season than in any year in the history of the industry and has resulted in the unprecedented quantity of 7,740,634 bales of cotton ginned to October 15.

The Census Bureau report issued at 10 o'clock today showed that greater quantities were ginned during the season in every cotton state except Oklahoma.

There were 2,316,000 bales more than were ginned last year to the same date; 1,322,710 bales more than during the record crop year of 1904, when 47.7 per cent of this year's total crop of 13,697,316 running bales were ginned to October 15, and 1,444,465 more than the big crop year of 1908 when 48.1 per cent of the year's crop of 13,422,131 running bales were ginned to that date.

Crop Matures Earlier

Throughout the growing season various conditions caused the crop to mature much earlier than in most previous years and harvest conditions have been excellent in most districts of the cotton belt.

In Texas the ginning surpassed previous records by more than 500,000 bales; in Georgia by 428,000 bales; in Alabama by 128,000 bales; in North Carolina by 129,000 bales; and in South Carolina by 132,000 bales.

Following are the figures:

United States, 7,740,634 bales compared with 5,122,628 bales last year, when 46.9 per cent of the entire crop was ginned to October 15; 5,530,967 bales in 1909, when 54.9 per cent was ginned; and 6,296,166 bales in 1908, when 47.1 per cent was ginned.

The number of round bales included were 53,605, compared with 56,183 bales last year, 58,716 bales in 1909 and 18,720 bales in 1908.

The number of Sea Island bales included were 40,634, compared with 25,491 bales last year, 36,182 bales in 1909 and 32,013 bales in 1908.

Ginning by states with comparisons of total crops ginned to October 15 in previous years, follows:

Ginning by States

Uneeda Biscuit
never disappoint!

You have never heard anyone say—
“The Uneeda Biscuit in that last package were not as good as usual.”

You have never said it yourself.

It is one thing to make soda crackers that are *occasionally* good.

It is quite another thing to make them so that they are not only always better than all other soda crackers, but *always* of *unvarying* goodness.

The name “Uneeda”—stamped on every one of them—means that if a million packages of Uneeda Biscuit were placed before you, you could choose any one of them, confident that every soda cracker in that package would be as good as the best Uneeda Biscuit ever baked.

5c a package—never sold in bulk.

NATIONAL BISCUIT COMPANY

The Biggest Lift

up the social ladder is given by good clothes. The next best thing to being “somebody” is to look like “somebody.” Grant’s “New York Made” clothes can help you mightily—and with slight expense, too.

If it is worth anything to be known as a fertilizer center then this place is ready for what's coming to it.

Some children think fried chicken isn't so much unless it has more than two drum sticks.

KIDNAP MAN'S WIFE FROM HER OWN HOME

Continued from Page 1

loaded. From information which the police authorities were able to gather, it appears that Cranner borrowed the revolver last evening, and taking John White with him went to Port Chester, where in a number of places he showed the revolver and said he was going to kidnap Herb Minor's wife.

Upon hearing the door bell Minor says he asked his wife to go as he had taken off his shoes. Minor says that he heard some one ask if he lived there and then heard a scream from his wife.

He rushed down and found Cranner's arm around her, half carrying and half dragging her toward an automobile, while he flourished a revolver and threatened to shoot if she called further.

Stood Wife Again

Minor says he made a grab for the man and broke the hold on his wife who started to run toward her husband.

Then Cranner seized her again, and pointed the revolver to Minor's head causing him to jump back. Mrs. Minor, who was dressed in a wrapper was thrown into the automobile and the two men disappeared.

Cranner seemed as much at sea to day over the sensational kidnapping and Mrs. Minor couldn't guess why he had selected her.

Mrs. Minor is a very beautiful woman. She has Auburn hair and carries herself in a manner to excite admiration. About three years ago she was absent for some days and at that time she is said to have accused Cranner of taking her away.

WINNETT FARMER

TAKES HIS LIFE

Lawrenceville, Ga. Oct. 26.—News reached Lawrenceville this morning that J. W. Vincent had committed suicide by hanging himself near Little Rock.

The message did not give any of the particulars concerning the suicide, but merely asked that the coroner be informed.

Coroner J. F. Barnes, and wife left for the scene of the tragedy as soon

as the word was received. Vincent is a son in law of Mr. Barnes. Vincent was about 40 years of age and is survived by his wife and four children.

Dr. W. D. Blackshear of Pinckard was in Dothan a while today.

R. F. Byrd of Enterprise came in this afternoon on the Elba train.

H. W. Miller of Enterprise is in the city today.

HECKET OF COINS FOUND IN OLD WALL
Louisville, Ky., Oct. 27.—Electri-

clans working in the home of Judge Rasmussen yesterday were starting came upon buckets of ver coins hidden in wall. Their finds they Judge Bain who discovered that the treasure belonged to William Stephaer, a servant in the Bain home for 15 years. Without faith he had accumulated nearly 100 coins of various denominations in buckets to hide the money. It was prevailed upon to ring what the electricians found the rest he had concealed in a national bank here.

COME TO SOUTH MISSISSIPPI AND OWN YOUR OWN HOME.

Why pay high rental for land when you can purchase better land and pay for it in four years, paying the same amount as you are now paying for rent. We will sell you a farm on terms to suit yourself and will charge no interest on your payments and we pay all the taxes until the land is paid for and you have your deed.

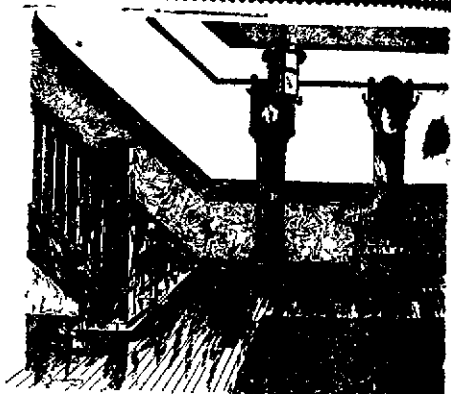

We have 100,000 acre in South Mississippi only 30 miles from the gulf coast with an altitude of more than 300 feet above the sea level, and most of it is further than five miles from the railroad.

Our large canning factories and truck growing and selling organizations guarantee a ready market for all crops grown.

Net results of from \$100.00 to \$300.00 per acre are common here and you can make more from one acre than is usually made from 5 acres growing cotton. We are also in the center of the Pecan and Satsuma orange belt and they grow to a perfection here. If it is a home you want, we want to get acquainted, for we are in position to help you.

Our illustrated booklet, maps, etc., will be mailed upon application, which includes testimonials from people who are farming here.
